Letter of Recommendation for Aimee Elizabeth

It is a pleasure to write this letter of recommendation for Aimee Elizabeth. She trained me how to start my interior plant maintenance business, and for the past 5 years I have continued to be very successful because of her continuous business consulting. Even in this bad economy, my business continues to grow due to her excellent training and professional business consulting.

I highly recommend both her book and her training. What a great resource for anyone trying to start a business, grow their company, or need some motivation to succeed in life. Aimee is a true expert in her field and I would not have succeeded without her. She definitely gave me the confidence and knowledge I needed to be successful in the business world.

Aimee Elizabeth has my full recommendation as an instructor for your classes. She is an excellent communicator, motivator, and a great inspiration!
